

Key Investor Information

Yuki Japan Rebounding Growth Fund (the “Fund”)
JPY Institutional Class 2 (ISIN-IE00BF4KT581),
a sub-fund of Yuki Asia Umbrella Fund (the “UCITS”)

The Fund is managed by Carne Global Fund Managers (Ireland) Limited (the “Manager”). This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of this fund. You are advised to read it so you can make an informed decision about whether to invest.

The Fund’s objective is to achieve both short- and long-term capital appreciation. The Fund will invest primarily in Japanese listed equities of companies which (i) are expanding and growing through their contribution to the growth of the Asian economy and also their contribution to wealth creation in the Asian countries, (ii) possess strong competitiveness in industries expected to show significant growth in the future, (iii) are restructuring their operations to strengthen or focus on industries expected to show significant growth in the future, and (iv) have higher long-term growth potential. The Fund has the ability to retain up to 100% in cash and/or money market instruments and Japanese Government Bonds in order to control risks in a volatile market situation. Stock selection criteria will be thorough bottom-up analysis. The Fund will utilise available in-house three-year earnings per share growth rate estimates to identify and capture long-term capital appreciation. It is not the current intention to use financial derivative instruments.

The Fund is considered to be actively managed in reference to TOPIX (JPY) (the “Benchmark”) by virtue of the fact that it uses the Benchmark for performance comparison purposes. However the Benchmark is not used to define the portfolio composition of the Fund or as a performance target and the Fund may be wholly invested in securities which are not constituents of the Benchmark.

The Investment is suitable for institutional or professional investors seeking short-term and long-term investment opportunities.

Distributions if any are expected to be declared within five Business Days of 31 July in each year. You may elect to reinvest any distribution payable.

A Business Day is a bank business day in Dublin, London, and Tokyo. You may buy and sell your shares in the Fund on each Business Day by submitting an application to the Fund’s Administrator by 4 a.m. (Irish time)/5 a.m. (Irish Summer time) on any Business Day.

Risk and Reward Profile of the Fund

This indicator is based on historical data and may not be a reliable indication for the future.

The risk and reward category shown is not guaranteed and may shift over time.

The lowest category does not mean a risk-free investment.

Why is this fund in category 6?

The Fund invests primarily in Japanese equity securities which tend to be more volatile than fixed income securities. The value of this Fund may reflect this volatility. The equity may be affected by economic cycles. This rating system is based on the average fluctuations of the prices of similar funds over the past five years, which experience rises and falls in value.

Other material risks

The following risks are material, in addition to the risks captured by the indicator above:

- Investment Risk – the Fund invests in equities which have investment risks that may result in losses for investors up to the amount invested. As a result, there is no guarantee that the Fund will achieve its investment objective.
- Credit Risk – Issuers of securities may be subject to credit difficulties.
- Liquidity Risk – The inability to sell investments quickly may result in failure to return funds to investors on a timely basis.
- Market Operational Risk – Losses may be incurred in the event of disrupted markets or other extraordinary events.
- Currency Risk – Returns from investments issued in foreign markets can also be subject to fluctuations in exchange rates.
- Valuation Risk - A position in the Fund may be valued incorrectly, as some prices may be uncertain at a point in time.
